

Green Forest School District

District Status Report for 2004-05

ACCREDITATION STANDARDS

The Standards of Accreditation of Public Schools require that each school offer three programs of study in three different occupational areas. Below are the programs offered for 2005-06. If a program is offered at a secondary vocational center, students must be enrolled in the 2005-06 school year.

Green Forest High School is offering 15 programs of study in 13 different pathways.

Pathways and Programs of Study

Animal Systems

Animal Systems	Approved	
----------------	----------	--

Business Financial Management

Finance	Approved	
---------	----------	--

Construction

Construction Technology	Approved	NorthArk Technical Center
HVACR	Approved	NorthArk Technical Center

Design/Pre-Construction

Geospatial Technology	Approved	NorthArk Technical Center
-----------------------	----------	---------------------------

Engineering and Technology

Drafting & Design - Engineering CADD	Approved	NorthArk Technical Center
--------------------------------------	----------	---------------------------

Facility and Mobile Equipment Maintenance

Automotive Collision	Conditionally- Approved	NorthArk Technical Center
----------------------	----------------------------	---------------------------

Family & Community Services

Family & Consumer Sciences Education	Approved	
--------------------------------------	----------	--

Interactive Media

Desktop Publishing	Approved	
Multimedia	Approved	

Maintenance, Installation & Repair

Industrial Equipment Maintenance	Approved	NorthArk Technical Center
----------------------------------	----------	---------------------------

Power, Structural and Technical Systems

Agricultural Power, Structural & Technical Systems	Approved	
--	----------	--

Production

Welding	Approved	NorthArk Technical Center
---------	----------	---------------------------

Restaurant & Food and Beverage Services

Food Production, Management & Services	Conditionally- Approved	NorthArk Technical Center
--	----------------------------	---------------------------

Therapeutic Services

Medical Professions Education	Approved	NorthArk Technical Center
-------------------------------	----------	---------------------------

Green Forest High School rating: Meets Standards of Accreditation

ACADEMIC SKILL ATTAINMENT

Academic Attainment has been based on the number of concentrators that score above the 50th percentile on the Stanford Achievement Test-9 (SAT 9). However, the concentrators for 2004-05 were the last students to take the SAT 9 during their sophomore year in high school. Also, the end-of-level assessments in Literacy, Algebra, and Geometry will be used in the future for this measure. Although the Department did report Academic Attainment to the U.S. Department of Education, individual school districts will not be held responsible on the District Status Report this year. Next year, Academic Attainment will be based on the number of concentrators scoring Proficient or Advanced on the end-of-level assessments.

VOCATIONAL TECHNICAL SKILL ATTAINMENT

Vocational Technical Skill Attainment is based on the average scores in the Vocational Student Competency Testing program for all students tested at the end of a CTE course.

	Number Tested	School Average	State Average
Green Forest High School	17	69%	
Agriculture Education	17	69%	64%
Agriculture Mechanics II	17	69%	66%

Number tested in district:	17
District average score:	69%
State benchmark	80%

District rating: Below benchmark
Meets or exceeds state average of 68%

Note: According to the records we have from APSCN and from information submitted by the CTE teachers, it appears that the following courses were offered in the district but were not tested during the 2004-05 school year. However, if the course was offered at a secondary vocational center, the testing information will appear in the report for the center and not the district.

- Agriculture Mechanics I
- Family & Consumer Sciences
- Family Dynamics
- Food & Nutrition
- Multimedia Applications I
- Multimedia Applications II
- Small Engine Technology

GRADUATION

The graduation rate for concentrators is based on the number of students identified as concentrators at the beginning of their senior year (completed at least two units in one occupational area) compared with the number of those who graduated.

Percent of concentrators graduated	98%
State benchmark	90%

District rating: Significantly exceeds benchmark
Meets or exceeds state average of 90%

COMPLETERS OF PROGRAMS OF STUDY

A completer is a graduate who successfully completed three or more units of credit within a program of study, including all the core requirements for that program of study. There are two measures for this indicator. The first is the number of completers compared to the number of graduates. The second is the number of seniors enrolled in career and technical classes compared to the number of completers.

Completers compared with graduates	31%
State benchmark	35%

District rating: Approaching benchmark

Number of seniors enrolled compared with number of completers	33%
State benchmark	50%

District rating: Below Benchmark

Total unduplicated number of completers of programs of study	22
Agricultural Mechanics	17
Information Management/Desktop Publishing	3
Agricultural Science - Animal	3
Finance	2
Family & Consumer Sciences Education	2

PLACEMENT

Placement is based on the status of completers six months following graduation. Completers who pursued opportunities in postsecondary education, the workforce, and/or the military are considered positive placements.

Completers reported in 2003-04	10
Percent positive placement	60%
State benchmark	98%

District rating: Below benchmark
